

Solar LED lighting (Locally manufactured) standard Pricelist			Unit Price
PIC	Code	Description	
	SFSOLDECP12W Locally manufactured range	3 - 3.5 (76mm) pole - Galvanized and powder coated, choice of colours (local) 50w solar panel (local) 12w Sharp DC E27 LED globe - 1000lm (Assembled in SA) 10 amp regulator, IP68 (Assembled in SA) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 50 amp Gel (import) 60 amp deep cycle (local) Base mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Locally manufactured so we can customize the design to suit your needs or requirements Dimmable option available to reduce sizing on components and to reduce cost	Complete R9 656
	SFSOLF6 Locally manufactured range 6W Bridgelux Flood on 2.5 meter surface pole	3.2 - 3mtr pole - Galvanized pole (local) 20w solar panel (local) 6w Bridgelux or Forepi chip LED flood - 600lm (Assembled in SA) 5 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) 26 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) or pole side mount or bottom mount battery box with lock Product data sheet on request with more descriptive information provided Poles supplied in round 76 mm (prices quoted are standard round buried poles)	Complete R4 000 Top section only R 2 909.00
	SFSOLF10W Locally manufactured range	3.5 - 4 pole - Galvanized and powder coated, choice of colours (local) 50w solar panel (local) 10w Nichia / Bridgelux or Forepi chip LED flood - 1000lm (Assembled in SA) 6 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 50 amp Gel (import) 60 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 76 mm or square 80 x 80 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles)	Complete R6 834 Top section only R 5 308.00
	SFSOLF20 (2 X 10W) Locally manufactured range	3 - 4 meter pole - Galvanized and powder coated, choice of colours (local) 85w solar panel (local) 10w Nichia / Bridgelux or Forepi chip LED flood - 1000lm (Assembled in SA) 10 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel (import) 105 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 76 mm or square 80 x 80 as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Various sizes and models available from 10 - 100w in single, double and triple light configurations per pole Dimmable option available to reduce sizing on components and to reduce cost	Complete R8 778 Top section only R 7 022.00
	SFSOLF40 (2 X 20W) Locally manufactured range	6 meter pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 20w Nichia / Bridgelux or Forepi chip LED flood - 2000lm x 2 (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 150 amp Gel (import) 105 amp deep cycle X2 (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 101-114 mm or square 100 x 100 as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Various sizes and models available from 10 - 100w in single, double and triple light configurations per pole Dimmable option available to reduce sizing on components and to reduce cost	Complete R19 437 Top section only R 15 424.00

Solar LED lighting (Locally manufactured) standard Pricelist			Unit Price
PIC	Code	Description	
	SFSOLF60 (2 X 30W) Locally manufactured range	6 - 7 meter pole - Galvanized and powder coated, choice of colours (local) 150w solar panel or 100w x 2 (local) 30w Nichia / Bridgelux or Forepi chip LED flood - 3000lm x 2(Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 150 amp Gel X 2 (import) 105 amp deep cycle X2 (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 101-114 mm or square 100 x 100 as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Various sizes and models available from 10 - 100w in single, double and triple light configurations per pole	R 22 572.00
	SFSOLST12W Locally manufactured range	3.5 - 4.5 pole - Galvanized and powder coated, choice of colours (local) 50w solar panel (local) 12w Bridgelux or Forepi chip LED street - 1200 / 1560lm (Assembled in SA) 10 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 50 amp Gel (import) 60 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 76 mm or square 80 x 80 as buried or Plinth & bolt cage design (prices quoted are standard round buried poles)	Complete R8 778 Top section only R 6 270.00
	SFSOLST20 (1) - Dimmable model Locally manufactured range	5m pole - Galvanized and powder coated, choice of colours (local) 85w solar panel (local) 20w Bridgelux or Forepi chip LED street - 2400 / 2600lm (Assembled in SA) 10 amp regulator, IP68 5Hr 100% / 5 Hr 50% dimming (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 50 amp Gel	Complete R11 184 Top section only R 8 426.00
	SFSOLST20W Locally manufactured range	6m pole - Galvanized and powder coated, choice of colours (local) 100w solar panel (local) 20w Bridgelux or Forepi chip LED street - 2400 / 2600lm (Assembled in SA) 10 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel (import) 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 114-127 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) We can also supply decorative designs on arms for single or double configurations	20w Complete R14 922 Top section only R 20w R12 164
	SFSOLST24W Locally manufactured range	6 meter pole - Galvanized and powder coated, choice of colours (local) 85w solar panel (local) 24w Osram LED street - 2952lm (Assembled in SA) 10 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel (import) 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 114-127 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	24w complete R15 675 Top section only R 24w R12916

Solar LED lighting (Locally manufactured) standard Pricelist			
PIC	Code	Description	Unit Price
	SFSOLST30 - 36W Locally manufactured range	6 - 7 meter pole - Galvanized and powder coated, choice of colours (local) 100 - 135w solar panel (local) 30 - 36w / Bridgelux, Osram or Forepi chip LED street - 3000 - 3750 (Assembled in SA) 10 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 150 amp Gel (import) 100 amp deep cycle x 2(local) TOP mount Battery box, Mild steel with powder coat, lockable (local)	30w Complete R16 929 36W complete R17 305 Top section only 30w R13 919 36w R14 296
		Product data sheet on request with more descriptive information provided Poles supplied in round 114-127 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	
	30W & 36W supplied along RBT Pretoria - 6 meter surface		
	SFSOLST40W Locally manufactured range	8 meter surface pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 40w Bridgelux or Forepi chip LED flood - 4000lm (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel x 2 / 1 x 200 amp Gel (import) / 2 x 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local)	Complete R19 437 Top section only R 15 926.00
		Product data sheet on request with more descriptive information provided Poles supplied in round 114-127 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	
	40W on 8 meter surface poles - Lesotho		
	SFSOLST48 - 50	8 meter surface pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 48-50w Bridgelux or Forepi chip LED flood - 4800 - 5500m (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel x 2 / 1 x 200 amp Gel (import) / 2 x 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local)	Complete R20 816 Top section only R 16 804.00
		Product data sheet on request with more descriptive information provided Poles supplied in round 127 - 139mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	
	48W in DRC - Lumbumbashi - 8 meter surface poles		
	SFSOLST60	8 - 9 meter pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 60w Bridgelux or Forepi chip LED flood - 6000 - 6300lm (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 2 x 150 amp Gel (import) 2 x 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local)	Complete R23 701 Top section only R 18 810.00
		Product data sheet on request with more descriptive information provided Poles supplied in round 114 - 127 - 139mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Standard warranties LED chip 5 years, LED driver 3 years, Solar regulator 3 years Battery 1 year, Battery box 3 years, wiring and bolt / nut kits 3 years Pole 10 years workmanship, Solar Panel 15 years Dimmable option available to reduce sizing on components and to reduce cost	
	Offices - 60W 4000 & 6000k - 7.8 meter surface		

Prices quoted are on standard round buried galvanised poles. Square poles, powder coated poles, plinth basis and Anti Climbing devices (SPIKES on poles) are available at additional costs

All Prices are subject to change without notice.

Specifications can be tailored to suit your needs. Please indicate your unique situation to enable us to spec. your lighting and ensure correct sizing of the Solar and batteries.

Factors that can influence the installation is the area of your project and the wattage of LED light required.
